

Product Name	Model	Product Picture	Basic Parameter
EM Thick Card	ASC-EM01		<p>Chip Model: EM4100                      Working Frequency: 125KHZ                      Size: 86×54×1.8mm                      Color: White                      Sensing Distance: 5-15cm                      The card work with: ASR-2610 / 2620 / 2630 / 2608 / 2660 / 2670 / ASI-8920 / 8930                      Material : PVC</p>
EM Thin Card	ASC-EM02		<p>Chip Model: EM4100                      Working Frequency: 125KHZ                      Size: 86×54×0.8mm                      Color: White Sensing Distance: 5-15cm                      The card work with: ASR-2610 / 2620 / 2630 / 2608 / 2660 / 2670 / ASI-8920 / 8930                      Material : PVC</p>
EM Key Card	ASC-EM03		<p>Chip Model: EM4100                      Working Distance: 125KHZ                      Sensing Distance: 5-15cm                      The card work with: ASR-2610 / 2620 / 2630 / 2608 / 2660 / 2670 / ASI-8920 / 8930                      Material : plastic</p>
Card Distributor (ID)	ASC-FC01		<p>Exterior ID reader sensor, power supply via USB interface, support USB1.1 standard                      Material: plastic</p>
