

AVH308

Push Status
HDMI & VGA Video Output
8CH Video Recording

8CH HD Video Recorder

Features

Push Status - Active Event Notification with EagleEyes App

- Sends instant notifications for system events, such as video loss or HDD data removal

Easy Upgrade to IP Surveillance System

With Plug-and-Play technology, the complicated network configurations are simplified in three steps.

HD Video Recording

- HD real-time recording brings users clear images while video recording and playback
- HD video output available via HDMI and VGA ports, giving the best image quality on LCD / LED monitors

Multi-platform Remote Access

- Fully compatible with iPhone & iPad, and Internet Explorer on Windows operating system
- AVTECH free CMS program on both Windows and MAC OS

Smart Recording

High video resolution switch for events to optimize the recording efficiency of the hard disk

Free DDNS Service

Free DDNS service to configure your device to Internet easily

External Disk Array Support for More Video Storage

eSATA interface built-in to connect a disk array (up to 4-bay disk array with RAID 0 and 1) for more video storage

Specifications*
